

# Invitation

## Dear Parliamentarians-

›The purpose of this email is to invite you to a short lunchtime information workshop on Monday 27th November at 12.00-13.30.

›You may not be fully aware of the imminent threat to our national sovereignty and democracy under the guise of the WHO's proposed Pandemic Agreement (Treaty) and also the amendments to the International Health Regulations.

›If the WHO's proposed amendments from 2022 are not rejected in writing by the Head of State of individual countries by 30th November 2023, all new amendments of the International Health Regulations will become legally binding within 12 months upon approval by the World Health Assembly.

›The implications for these amendments, which have the potential to effect all levels of our lives and our societies, have not been debated by our governments, nor widely discussed in the national press.

We invite you to participate in a 90 minute workshop to bring you up to speed with this critically important and prescient topic.

12.00-13.00 - Presentations from Dr Meryl Nass and Lawyer Philipp Kruse

13.00-13.30 - Q&A session and discussion moderated by Dr Jonathan Gilthorpe

Lawyer Philipp Kruse has recently presented this workshop to Swiss MP's from some of the 26 cantons, resulting in 11 different cantons now wishing to reject the amendments.

Dr Meryl Nass has founded a new organization, Door to Freedom, with the express goal of providing accurate and timely information about the WHO's plans (<https://doortofreedom.org/>)

Independent Swedish MP Elsa Widding has recently called for the Swedish Health Minister to resign if she will not hold an open debate about Sweden's impending servitude to the WHO's.
